FILE COPY

ANNUAL REPORT OF MINING OPERATIONS

The informational requirements of this form are based on provisions of the Mined Land Reclamation Act, Title 40-8, Utah Code Annotated 1953, as amended, and the General Rules as promulgated under the Utah Minerals Regulatory Program. An operator conducting mining operations under a Notice of Intention must file an annual operations and progress report (FORM MR-AR) with the Division.

I. GENERAL INFORMATION

1. Report Time Period: From (mo./yr.) 10/88 To (mo./yr.) 02/89
2. DOGM File Number (original notice): M /047 /003
3. Mine Name: Uintah County Asphalt Mine
4. Mineral(s) Mined: Asphaltum
5. Name of Operator or Company: Uintah County
6. Permanent Address: State/County Building
152 East 100 North
Vernal, Utah 84078
7. Company Representative (or designated operator):
Name: Uintah County Commission
Title: 152 East 100 North
Address: Vernal, Utah 84078
Phone: 781-0770 Ext. 380

☐ Please check if any of the above information has changed since previous year.

II. MINING AND RECLAMATION

1. Was the mine active during the past year? Yes ☒ No ☐
2. If active, how much ore or mineral was mined? 45,322.74 tons

3. Briefly describe any new or additional surface disturbances that occurred during the past year. This description should include the type of work performed, volume of material moved, and the acreage affected.

No new disturbance outside designated mine site.

4. Briefly describe the reclamation work performed during the past year. This description should include acreage reclaimed, methods employed, and an evaluation of the results.
- Reclamation sector R-1 (8.33 acres) was prepared & planted (Nov. 1988)

as per modified plant mixture for flat areas. A plant test area on R-2 was established in Nov. as well. All plant mixtures were applied. Purpose

of test: to determine if the darker soil of R-2 can be successfully revegetated.
- About 1/2 of steeper slopes (waste piles) in R-3 have been worked (pushed E/NE)

5. What was the total unreclaimed acreage at years end? 54 of 62.5 acres

6. Briefly summarize mining and reclamation planned for the upcoming year.
- Continuation of earthwork on R-3 with possibility that portions of R-3 may be planted in Nov.
- Monitor plant growth in R-1 and test plot of R-2.

NOTE: Section III., "Additional Information" applies only to large mining operations.

III. ADDITIONAL INFORMATION

1. An updated surface facilities map should be attached if there have been significant changes since the previous map was submitted.
2. Any monitoring results or other reports that are required under the terms of the approved notice of intention should also be attached.

IV. SIGNATURE REQUIREMENT

I hereby certify that the foregoing is true and correct.

Signature of Operator:

Robert Hugie

Name (Typed or Print):

Robert Hugie

Title of Operator:

Director, Planning Office

Date:

February 14, 1989
